EDUCATION

•Veermata Jijabai Technological Institute (VJTI)

2021-present

Btech Computer Engineering

CGPA: 9.10

•New English

2019-21

Board of Higher Secondary Education, Maharashtra

Percentage: 98.5

PERSONAL PROJECTS

•FinWise

A web-app to make you financially wise

- Tools & technologies used: MERN stack , plaidAPI
- Finwise is a comprehensive full-stack web application offering features such as authentication, portfolio management, real-time stock alerts, live chat with experts, educational resources, community engagement, and more.

•WorldToday

A news aggregator app for real-time updates from various sources [click](#)

- Tools & technologies used: Bootstrap,ReactJs
- WorldToday is a dynamic and user-friendly news aggregator application designed to streamline the process of accessing up-to-date news and information from various sources. As a developer of this project, my main objective was to create a platform that would cater to users' diverse interests and provide them with a seamless news browsing experience.

•iChat

A scalable, user-friendly chat app enabling real-time group communication [click](#)

- Tools & technologies used: NodeJs,SocketIO
- iChat is a user-friendly chat app, powered by Socket.IO and Node.js, enabling real-time group communication in public chat rooms. With a focus on scalability, it fosters engaging interactions among users while maintaining optimal performance.

•PixieCollab

PixieCollab is a MERN stack application for vloggers

- Tools & technologies used: NodeJs,Express,ReactJs,MongoDB,Cloudinary,GAuth2.0
- PixieCollab is a MERN stack application aimed at simplifying video uploads for vloggers facing network challenges. The platform enables collaborative video editing and uploading, allowing editors to upload videos on behalf of vloggers. Once uploaded, vloggers review the content, and upon mutual agreement, the editor uploads the video to the vlogger's YouTube channel using GAuth2.0.

ACHIEVEMENTS

•3 star on CodeChef [CodeChef](#)

•Top 40 out of the 3406 registered geeks [GFG](#)

•Solved more than 500 problems on all coding platforms [LeetCode](#)

•Secured 98.91 % in jee mains
